

What is On-Demand Reporting?

As a part of Aussiepay's ePayroll service we have already introduced our On-Demand Reporting where many customers are benefiting from this service, where you can also:

- Access online reports anytime from anywhere
- Nominate authorised persons to access reports
- Access monetary or non-monetary reports to ensure employee earnings remains confidential
- Filter the data your require, either employees or date ranges or cost centers
- Securely view and generate specific reports
- Import data in a variety of formats including PDF, Excel etc.
- View all payroll reports already provided as a part of your payroll service

Initially the ten most popular reports are available; these will be added to each month so you can access the reports anytime from anywhere you want.

Aussiepay's On-Demand Reporting will also provide the ability to download payroll generated reports to specific users.

On-Demand Reporting Pricing

On-Demand Reporting works off a Credit System

Credits can be purchased on-line by the Report Administrator or Report Authority (Monetary)

20 Free Credits have been allocated to every client

No joining fees

Reports can be generated for as little as \$2/report

Please include On-Demand Reporting for our organisation:

Client Name: _____

Contact Name: _____ **Signature** _____

Report Administrator*: _____ **Date:** _____

e-mail: _____ @ _____

Additional Report Access: _____ **Monetary** **Non Monetary**

Additional Report Access: _____ **Monetary** **Non Monetary**

*The Report Administrator will have access to all reporting, has the ability to purchase credits and can nominate Report Users for both Monetary and Non-Monetary reporting.

Please complete and fax this form to Aussiepay on (02) 9891 1922
